International Conference on

Recent Advances in Environmental Sustainability (RAIES 2026)

18 - 19 November 2026

Call For Papers

TOPICS OF INTEREST

- Sustainability science, sustainability technologies
- Sustainable building technologies
- Intelligent buildings
- Sustainable energy generation
- Combined heat and power and district heating systems
- Control and optimization of renewable energy systems
- Smart grids and micro grids, local energy markets
- Smart cities, smart buildings, smart districts, smart countryside
- Energy and environmental assessment in buildings and cities
- Sustainable design, innovation and services
- Sustainable manufacturing processes and technology
- Sustainable manufacturing systems and enterprises
- Decision support for sustainability
- Micro/nanomachining, microelectromechanical machines
- Sustainable transport, smart vehicles and smart roads
- Information technology and artificial intelligence applied to sustainability

IMPORTANT DATES

Paper Submission :
1 September 2026

Paper Acceptance by :
15 October 2026

Final Submission due :
25 October 2026

Registration :
20 October 2026

Date of Conference :
18 - 19 November 2026

The International Conference on Recent Advances in Environmental Sustainability (RAIES 2026) will be organized by **Shobhit University, Gangoh, Saharanpur** (accredited with a NAAC 'A' grade) in technical collaboration with Dr. B. R. Ambedkar National Institute of Technology Jalandhar, India, and supported by the STEM-Research Society on November 18–19, 2026.

It is one of the leading international conferences for presenting novel and fundamental advances in the fields of environmental sustainability. It also serves to foster communication among researchers and practitioners working in a wide variety of scientific areas with a common interest in improving sustainable environments and related techniques.

All accepted and registered papers will be published in the **Springer Nature Book Series*** *(Indexed in SCOPUS).*
